WATCHES AND INSTRUMENTS

# The One

# The One

**THE ONE** is the classic watch of the **LINDE WERDELIN** collection featuring all the basic characteristics found across the models.

The new version of **THE ONE** features a redesigned 'toned down' dial keeping its design as minimalist as possible making it easier to read, while the bezel is brushed giving a softened feel to it.

The latest addition to **THE ONE** 'family' has been the Hard Black DLC II, a model based on **THE ONE**, but with new hand and bezel details which add to the unique allure of Linde Werdelin watches.
