

LINDE WERDELIN
WATCHES AND INSTRUMENTS

3-Timer

3-Timer

The **3-TIMER** stands out as the most refined watch of the **LINDE WERDELIN** collection. When worn on its own without the instruments, the **3-Timer**, is a fine and elegant watch that still encompasses all the signature details of the LW watches and can be set to show three different time zones.

Every part of the **3-TIMER** case has been 'toned down' starting from the pattern used for the dial to the thinner hands and smaller indexes both bearing the minimum luminous material possible all of which have a softening effect to the eye. The indexes have been pushed out on the edge of the dial while the bidirectional 24 hour bezel has been polished on the facets adding to the sophistication and functionality of this model.

The **3-TIMER** currently exists in four different versions in a variety of materials and colours.
